**Utilities I** 4.95  
Renummer, binary/hex/decimal convertor, 40 column text and graphics and Data save and load.

**Graphics** 6.95  
A powerful Graphic tool, this program allows you to design 24 User Definable Graphics, 96 Sprite Patterns and 96 standard ASCII codes. All these can be saved on tape and also directly interfaced with your BASIC or Assembly language programs.

#### 3D ACTION SOFTWARE

**Turbo** 6.95  
An excellent piece of software, modelled on the popular arcade game, and including all its features. The graphic ability of the MTX is exploited to the limit in this 3D racetrack dash.

 **3D Tachyon Fighter** 6.95  
Pilot your laser equipped fighter through towers, aliens, aliens in fighters, aliens in fighters that shoot back - and finally down the Trench and 3D tunnel. Incredibly realistic 3D scrolling screens.

 **Star Command** 7.95  
Battle it out at light speed in your interstellar fighter, equipped with unlimited plasma bolts. The 3D cockpit display shows aliens and asteroids rushing in - destroy them or swerve to avoid collision. Galactic map - Sector to sector hyper warp - Acceleration colour shift effects.

ARCADE ACTION

- ✓ **Astro Pac** 6.95  
Assemble your spaceship and fight off the aliens before your oxygen supply runs out - you have a wrap-around laser to make things easier!
- Pot Hole Pete** 6.95  
Help Pete get through over 30 different screens, collecting keys and points as he goes. But watch it - the conveyors, skeletons, crazy aviaries and flying typewriters (to name only a few) all have different ideas!
- ✓ **Toado** 6.95  
A high resolution, sixteen colour machine code game with full arcade action - increasing speed, constant on screen scoring and hiscore feature.
- **Gogo** TBA  
One of the most addictive games ever written. Bounce Gogo around the pyramid of diamonds, changing the diamond's colour as you go. Watch out for bouncing bombs and bonus swirlers.
- **Nemo** 6.95  
Harpoon the marauding sharks before they eat you. Clear the coastline to move on to the next level.
- **Kilopede** 6.95  
Eliminate mushrooms and the segmented Kilopede, killer crabs, fleas, spiders and jellyfish.
- Super Minefield** 6.95  
Using your mine detector cross the minefield. Watch out for spiders and tanks as the increasingly difficult levels demand more concentration.
- ✓ **Knuckles** 8.95  
Kick Roks and Magic Squares to gain points and advance to higher levels - beware Rokeaters and white holes, eat fruit to gain bonus points.
- **Blobbo** 6.95  
Run around the maze collecting bonus fruit - but don't get caught by the Blobbo eaters - and the skull and crossbones squares are tricky too.
- Blobbo (ZX Spectrum)** 6.95  
As above.
- ✓ **Goldmine** 7.95  
Your task is to collect gold from the mines - a maze of tunnels, ladders and pitshafts, but beware the phantasms and fireballs.
- ✓ **Continental Raiders** 6.95  
Wipe out wave after wave of invading Raiders, intent on your destruction. Blast the Mother ship to gain extra points.
- ✓ **Mission Alpatron** 6.95  
Scramble your ship to the defence of the Earth. Smooth scrolling hi-res graphics and superb sound, all written in machine code.

**Hawkwars**

TBA

Battalions of mutating war hawks swoop down for the kill - their ever changing formations and attack patterns are made even more difficult by constantly hatching hawk eggs.

**Phaid**

6.95

When the warning siren sounds you have only a few seconds to man your MTX space fighter and repel the attackers. Machine code and very, very fast.

**Astromilon**

6.95

A fast machine code program where suicidal, kamikazi aliens have one purpose - your obliteration.

**Dennis and the Chicken**

6.95

Climb the ladders and platforms collecting eggs and bird seed. Watch out for the Frantic Farmer, Carnivorous Chicken and Deadly Duck.

**Dennis Goes Bannanas**

TBA

The sequel to Dennis and the Chicken, this game involves apes and bannanas as well as Dennis and his ladders and platforms

**Tapeworm**

6.95

Guide your gruesome worm around the maze, getting longer as you eat, but don't eat your own tail.

**Missile Kommand**

TBA

A classic arcade favourite with the added bonus of fantastic MTX graphics.

**Obloids**

6.95

Traverse the 9 screen playing area to find the Magic Power Box. Defend yourself from the Obloid Monsters by throwing your Power Ball - don't get caught by the dynamically changing maze.

**BOARD AND CARD GAMES**

**Chess**

9.95

Ten levels of play - from novice to master. User defined piece and board colours - computer generated next move suggestions.

**Pontoon and Blackjack**

5.95

Two for the price of one on this tape - plays a mean hand whichever you choose.

**Backgammon**

8.95

Fully animated dice - fast execution times and full colour graphics. Easy to follow playing instructions are included within the program.

**Bridge**

8.95

A match for all Bridge players, whether novice or master. Supports all Bridge rules - this one is the best around.

Reversi 8.95  
The object is to enclose a line of the computer's counters with two of your counters, if you do this the computer's counters flip over and add to your score. 4 levels of difficulty.

Draughts 7.95  
MTX Draughts is an exceptional game, packed with special features which test your board game ability to the limit.

#### ADVENTURE GAMES

Alice in Wonderland 9.95  
Search tunnels, cave and wells across the multiple levels of this ultimate machine code adventure using inventory, help and cursor functions.

The Zoo Game 6.95  
Can you get all the animals back in their cages? It may sound easy, but you've got to find them first!

Castle Blackstar TBA  
A Classic adventure, now available on the MTX.....

#### AVAILABLE FROM OTHER SOFTWARE HOUSES (Please call direct for availability)

Maxima by P S S 6.95
